

May 2021

Following on from our January 2021 update, we are very grateful that the world is slowly opening up again and that the roll-out of vaccines has accelerated. We hope that the vulnerable and compromised among us remain front and centre of our concerns as life begins to return to some sort of normality.

The generosity shown by the Belvedere College SJ community in raising an astounding total of €17,090.00 for the online Christmas Raffle in aid of the College's SVP was again in evidence when the Ladies Committee sought your support for a Virtual Fashion Show, streamed over the May Bank Holiday weekend.

The fundraiser, produced in strict compliance with Covid-19 Level Five restrictions, was wonderfully received and garnered many positive comments. Our community yet again delivered with a total sum of €12,000.00 raised for the College's Social Diversity Programme (SDP). Thank you to one and all who supported this very worthy cause, and particular gratitude is expressed to our lovely models, all mothers and sisters of current and past pupils, and the production team involved.

Maura Carolan, outgoing President of the Ladies Committee, presented a cheque, on your behalf, to Simon O'Donnell, the current Co-ordinator of the SPD on the 25th May 2021.

The Ladies Committee continues to have a number of interesting initiatives under consideration and we hope that 2021/2022 will bring more news regarding same, together the return of some old favourites, to include the much missed Annual Ladies Lunch.

We will update you when there is more to report and in the meantime, we are more than happy to hear from you via the email address detailed above.
